

Registered Nurses

The Registered Nurse is pivotal in providing quality nursing care to the frail aged.

Through clinical knowledge, assessment and management, the Registered Nurse is able to assess, plan, implement and evaluate nursing care in consultation with a multi-disciplinary health team. The Registered Nurse works autonomously as a team leader, providing supervision, support and education to other team members.

Resthaven offers:

- Orientation and preceptor support
- Clinical experience and support for graduates, those new to aged care, or returning to the workforce
- Specialised nursing opportunities (Palliative Care, Continence Management, Infection Control, Wound Care, Behaviour Management)
- Career advancement opportunities to Clinical Nurse/Care Coordinator/Management roles
- Staff training and development
- Subsidised professional development
- IT supported assessment and planning
- Employee assistance program
- Liaison with other health professionals
- Full or part-time opportunities across nine residential facilities and some community programs
- Remuneration in the highest range in the aged care industry, with salary packaging options.
