Services are provided in a manner which enhances independence, maintains dignity, preserves privacy and supports family and community relationships.

### Who is Eligible?

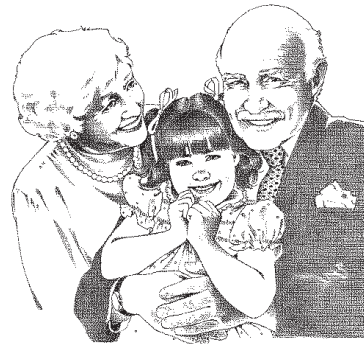

Older people who live in the Adelaide, Burnside, Unley, Campbelltown, Norwood, Payneham, St Peters, Prospect or Walkerville local government areas are eligible for assistance:

- maintaining their independence at home, or
- with coordination of services due to medical, physical social or emotional needs.

## What Services are Available?

Services range from, but are not limited to, assistance with household tasks, home maintenance and social support. A personalised program of services is developed to meet the needs of each individual.

Each specific program is developed in consultation with the client, and their family or any other person they nominate.

### Can Services Change?

Each person's program of services is reviewed regularly and on request. Changes are only made following consultation with the client and/or their family or nominated person.

## How to Refer

Older people, their family, friends, doctor or other community service providers are able to make referrals by telephoning 8337 3448.

All referrals are considered.

Commencement is determined according to need and availability.

A convenient time will be arranged to meet with the person referred, and any others they wish to be present, to negotiate and develop an individual program of service.
