Resthaven Murray Bridge Community Services Awarded Top Show Prize

Resthaven Murray Bridge Community Services were proud to accept the prize for 'Most Informative Site' at last week's Aboriginal Health Fair.

The prize was a painting by local Aboriginal artist, Joe Miller, and will be framed and placed in the Resthaven Murray Bridge Community Services office at 88 Adelaide Road, Murray Bridge.

Acting Resthaven Murray Bridge Community Services Manager, Heather Dibben, was pleased by the commitment from Resthaven Murray Bridge Community Services staff shown on the day.

"We had masks, colouring in and a laptop computer with games for the children to play. We also had fresh Myoplonga oranges and dried fruit to give away, along with balloons, pens and pads of paper," says Heather.

"Full credit to staff (pictured left-right) Jan Wynne, Irene Lovegrove and Jenny Kruger for manning the site yesterday.

"We are really inspired and already planning for next year.

"The Aboriginal Health Fair is a great opportunity for Murray Bridge Community Services to inform Aboriginal people about our services, and have a chance to get to know our staff," Heather adds.

Resthaven Murray Bridge Community Services offers a range of valuable services, including in-home support and respite for carers. Please call **8531 2989** for more information.
