Resthaven Riverland Community Services Welcomes New Manager

Resthaven Riverland Community Services, located at 60 East Terrace, Loxton, has welcomed new Manager, Caroline Martin, to their team.

Caroline has lived in Loxton since 2008, when she moved here with her husband and two small boys.

She has always loved the area, having grown up in the Adelaide Hills, yet spending much of her childhood holidays in the Riverland.

'The people here are so friendly, and I had heard that the schools were some of the best in Australia,' says Caroline, 'so when it came time to settle down and give my children a stable environment, my husband and I decided this would be the perfect place to build our family home.'

Caroline has travelled the country, previously working as a nurse for the Navy, as well as other not-for-profit organisations.

However, she always held a passion for aged care, and when the position of Manager at Resthaven Riverland Community Services arose, she decided to apply for the role.

'Resthaven Community Services have only operated in the Riverland for about a year, and already they have a strong reputation for assisting older people to remain independent and continue living in their own homes,' says Caroline.

'I look forward to continuing to assist older people in the Riverland community.'

For enquiries about the services provided by Resthaven Community Services, please contact Resthaven Riverland Community Services on 8584 5866.
